To my fellow music presenters:

I am pleased to recommend the Folk Collection as an outstanding ensemble of musicians and entertainers worthy of your consideration for future bookings.

The Berkeley Society for the Preservation of Traditional Music, *dba* Freight & Salvage Coffeehouse, is a nonprofit arts organization dedicated to promoting public awareness and understanding of folk, roots, and traditional music. One of the few presenters exclusively dedicated to this important art form, we have a forty-one year history of presenting concerts featuring artists of significance in the various facets of this genre.

It has been our great pleasure to have presented the Folk Collection to our multi-generational audiences, and we look forward to their future visits. The members of this harmonious trio are masterful singers and accomplished instrumentalists who bring new life to the best of American folk music and have more than satisfied our organization's criteria of excellent musicianship and the ability to offer audiences a uniquely entertaining and enlightening musical experience.

Booking them at your facility or venue would provide a wonderful opportunity for your audiences to see and hear music performed by accomplished and energetic practitioners of the form.

If I can be of further assistance, please do not hesitate to give me a call.

Sincerely yours,

Steve Baker
Executive Director
