Dear Pat:

I wanted to thank you again for arranging The Folk Collection to be part of the *2010 Sounds Exciting!* Summer Concert Series presented by the City of Lakewood.

Last Wednesday's concert was great, with a good-sized audience listening to the music, eating their picnics and watching the sun set over the foothills to the west. It was the perfect evening for an outdoor concert and The Folk Collection was a terrific band to open our summer concert season. The band was engaging, presenting their mix of stories, jokes and of course, the nostalgic folk tunes familiar to many who clearly remembered them from the 60s and 70s. At the end of the evening the band received a standing ovation from the warmly enthusiastic crowd.

We were delighted to present The Folk Collection as part of our *Sounds Exciting!* summer concert series and I look forward to seeing them showcase again at this year's WAA conference. See you in Long Beach!

Most sincerely,

Susan Martin
