Re: The Folk Collection

Dear Pat and Manuel:

Thanks so much for bringing The Folk Collection to our attention. Their performances for us at The Poncan were terrific. Our audiences loved them and truly appreciated the trip down memory lane with so many great songs, well rendered. Their performances were very professional and they were easy to work with. They went out of their way to help promote their shows – including a live appearance on my early morning radio show, a performance at the yearly veterans' luncheon, and a short set to help support the local American Legion Children's home – and to cheer up the kids. The Folk Collection bent over backwards to accommodate the needs of our venue and community. I am truly grateful to these men and their terrific work ethics. A very talented, well rehearsed group of professionals that are a breeze to work with, I can't think of anything more any presenter could ask for.

I strongly recommend The Folk Collection without hesitation to performing arts houses – anywhere.

Sincerely,

Dave May  
Executive Director  
The Poncan Theatre
